

Role definitions in Photo-Competition.software

Edited: Sep 21, 2024

Interfaces: Photographers, Administration, Staff/Validation & Judges

Photographers

Uses a dedicated interface, which may be adopted to a specific language, for

- creating account for login, retrieving password
- uploading and submitting images
- payments
- downloading Medal Certificates, Diplomas and Social Media Slides
- getting Print labels for print submissions (if relevant)
- profile page with contact and other required information on photographer
- a place for the submitting photographer to acknowledge rules etc.

Administrator (Photo-Competition.software): Create Competitions, Judging Rounds, Create Users, Edit templates, handle competitions, Validations, Challenges and Verifications etc

Office: Can see all in Admin section – and edit in select areas of the admin section

Gallery: For export of Social Media / Slides for various uses by organiser

Staff: has a role in Validation submissions and uses special interface for this

Judge

- Overview of tasks and area for information to judges
- Online judging – special judging interface for online
- Online verifications (if relevant)
- Online Challenges (if relevant)
- "In person judging" – special interface with option for print or screen judging
